SUBJECT: Request for Additional Position in Shipping Branch

DATE: 19 February 1951

1. It is requested that the following position be added to the T/O for the Shipping Branch, Transportation Division, Administrative Services Office:

1 Clerk (Typing) GS-4

2. As a result of the expanding activities of the Agency during the past six months, the volume of work in the Shipping Branch has increased more than 100 per cent. This was brought about by the increase in the volume of supplies and equipment shipped to overseas activities and an increase in the volume of personal effects and household goods of employees being transferred to overseas assignments.

3. As of July, 1950, the Shipping Branch was handling between [redacted] of freight per month. At the present time, this weight has increased to between [redacted] per month, with a corresponding increase in the volume of paper work necessary for the securing of shipping space, etc.

4. The increased volume of personal effects and household goods to be shipped at government expense incident to change of official station has placed an additional burden on the Shipping Branch due to the various briefing conferences with the travelers which are necessary to work out various details of such shipments.

5. The Transportation Officer in charge of the Shipping Branch has heretofore been doing a lot of her own typing, but now finds that all of her time is taken up with other work in the office. Therefore, the addition of a clerk with typing ability is required to keep up with the volume of work.
